Full Members: National organisations recognised as having the responsibility for the sport of Boccia within their countries. Full Members must be active participants in international Boccia competition (or be actively working towards such competition.) Full Members are expected to maintain affiliation with their country's National Paralympic Committee. Full members are eligible to host the major international Boccia competitions which are sanctioned by BISFed (Regional and World Championships.) Full Members have voting rights, and only one organisation per country may become a Full Member.

Affiliate Members: National organisations responsible for developing the sport of Boccia where there is no organisation which meets the requirements to be a Full Member. In addition, where there are multiple organisations responsible for Boccia in a country, then those organisations which are not the Full Member for that country may become Affiliate Members. Affiliate Members are eligible to host national and international Boccia competitions which are sanctioned by BISFed.
